Swampfest Rap up

Things that went well:

- The bands were well received about 600 people for the music both bands are booked for next year.
- K9 unit was awesome
- Hawk Mountain Bird show
- Food vendors did really well most ran out of food
- Mushball went well
- 50 /50 drawing made \$254.00
- Crafters did well
- Swamp Monster was a big hit people loved him.
- The Fireworks were amazing

Things we need to improve on for next year.

- Porta potty at the car show
- Kids games moved from the road
- Need specific set up times so the chair of that area can be present to oversee things
- Need to recruit some more help it is a very large event for so few people.
- Possibly contact Uncle Jeffrey to see if CWTAP could broadcast from car show

Leann was very frustrated there was not enough help in the morning her and Mike could not set up their stuff because they were too busy directing crafters and car show participants.

Overall consensus was that it was an overall success the public loved the event and didn't seem aware of any hiccups.
